

## Swachh Bharat Mission (Grameen):

Swachh Bharat Mission (Grameen) was a massive mass movement that seeks to create a Clean India by 2019. The father of our nation Mahatma Gandhi always puts the emphasis on Swachhata as Swachhata leads to healthy and prosperous life. Keeping this in mind, the Indian government had decided to launch the Swachh Bharat Mission on 2<sup>nd</sup> October, 2014. Under the mission, all villages, GP/VCDC, Districts, States and union territories in India declared themselves “Open Defecation Free” (ODF) by 2<sup>nd</sup> October 2019 in Phase –I. To ensure that ODF behaviours are sustained, No One Left Behind (NOLB) and that solid and liquid waste management (SLWM) facilities are accessible, the Mission is moving towards the next Phase- II of SBM(G) i.e. ODF- Plus. The Phase –II of SBM (G) will reinforce ODF behaviours and focus on providing intervention for safe solid and liquid waste in villages.

## Swachh Bharat Mission (Grameen), Chirang District:

Swachh Bharat Mission Phase-I
